SITE ACCESS POLICY

Rationale

At Sacred Heart College our Mercy values of respect, justice and service compel us to provide a safe, supportive and welcoming environment for all who visit or attend the College. We recognise our duty of care to ensure a safe and protective environment and expect all who visit or attend the College to share this commitment.

Policy Statement

This policy aims to ensure all those on College grounds are accounted for in a way that ensures a safe, supportive and welcoming environment for all. It supports the maintenance of accurate records for those present on College grounds at any given time, and ensures the responsibilities pertaining to any individuals or groups coming to the College are clearly understood.

All those on College grounds are bound by the College's Child Safety Policy, Safeguarding Children and Young People Code of Conduct (*policy name to be confirmed*), and the Mercy Education Code of Conduct. All College occupants are responsible for the occupational health and safety of themselves and those around them. Any injuries, incidents, or near misses must be reported to a member of the OHS Committee, or in the case of visitors/guests, to the person responsible for their supervision while on College grounds.

users are to be inducted on the equipment/facilities they are using and adhere to the College's Emergency Management Plan at all times.

Where relevant, organisations will liaise with the College Organiser at the time of booking to provide a current public liability certificate.

Alarm Codes

Employees are issued with alarm codes on request and may enter the College outside of normal working hours, for purposes other than the use of the gym, if they have been authorised by their supervisor to do so. Members of the CLT may restrict or limit physical and alarm code access to certain areas of the College after hours.

Unauthorised Presence on College Grounds

Employees may find that occasionally there are unauthorised visitors to the College who may be walking through the grounds, sight-seeing, riding bikes/skateboards, playing etc and have no official business at the College. Such visitors are not permitted on College grounds, and all employees have a responsibility to safely challenge anyone they identify to be in this category and ask them to leave the grounds. Employees will be able to identify authorised visitors by their visitor pass.

It is the responsibility of each staff member and student to ensure the College is a clean and healthy environment and all have a duty of care to themselves and each other. It also demonstrates respect for ourselves and each other and the physical and financial resources we are responsible for maintaining in a dutiful way.

Teaching staff in particular are responsible for leading students and setting the example for students to maintain a clean internal and external learning environment and are key in ensuring a high standard is maintained through the use of restorative measures. Specific measures relating to the various types of areas of the College are detailed below.
